## INVESTIGATING A REVERSAL

CHAS. F. GRAINGER'S ACROBATIC PERFORMANCES STIR UP NEW ORLEANS OFFICIALS.

Inquiry Is Promptly Begun by Judge Murphy When Horse Wins After Having Run Shockingly Bad Race Following a Victorious Performance.

New Orleans, La., January 22.—The astounding performance of Chas. F. Grainger, running in the interest of J. H. Hildner and trained by V. A. Casey, when he defeated the overwhelming favorite, Joe Dehland, in today's closing dash, created a good bit of adverse comment and caused Judge Murphy to send for trainer Casey to explain the horse's inconsistency. In a previous start Chas. F. Grainger was beaten badly after having won his previous start. Trainer Casey stated he was at a loss to account for the in-and-out running of the horse unless the mud which prevailed in his last start had something to do with his bad showing. Judge Murphy will have jockey Bressch, who rode the horse in his last start, before him tomorrow to give his version of the horse's sudden improvement.

The failure of Joe Dehland was the outstanding surprise of the afternoon, for he was regarded with high favor. Bayberry candle, which during this meeting has figured in several sensational duels, was again in the limelight when she won the feature race, a six furlong sprint, after a hard and well-sustained stretch drive to get up in the last stride and beat Usceit by a nose. The struggle between the leaders was a terrible one during the last furlong and had the big crowd of spectators intensely interested. Bayberry candle is somewhat of a local favorite and upon her return to the stand she was given a big ovation. Lady Moonet and Gipsy Lave were starters in the race, but both retired in the last furlong. Lady Moonet has been slightly unwell since her opening day winning performance and she may have been a trifle short this afternoon. Jockey H. Samter was suspended for three days by the starter for disobedience at the post.

L. A. Sorrell, a local horseman who recently entered the ranks of the owners, has made an addition to his stable by the purchase of Petrus from W. P. Fine.

Jockey Eddie Dominick was an arrival this morning from Joplin, Mo.

J. H. Madigan, president of the Niagara Racing Association at Fort Erie, Ont., was a visitor this afternoon.

Linke Le Blond, who developed jockey Turner was among the new comers from Cincinnati. James P. Ross, trainer superintendent of the Lexington course, arrived today in the interest of the Kentucky Racing Association and distributed blanks among owners for the stakes to be decided at the Lexington track beginning April 22. Mr. Ross was immensely impressed with the action here and said: "Horsemen in other parts of the country do not have a full conception of the magnitude of the sport is enjoying here and it is certainly a great tribute to Judge Murphy and the Business Men's Racing Association for having successfully consummated the race." Mr. Ross will remain here several days before returning to Lexington.

L. N. Brueggerhoff, secretary of the Louisiana State Fair, was an interested visitor at the Fair Grounds this afternoon. This morning's work-outs over the Fair Grounds track included the following:

Billy Stuart—Half mile in 50.  
Bored—Three-quarters in 1:16.

## NOTES OF THE TURF.

W. A. McKimney claimed Mind Still from P. J. Miles in his last race at Juarez.

James Fitzsimmons, well-known eastern trainer, is reported to be negotiating for jockey W. Liley's contract.

Of the 827 two-year-olds that raced in the United States, Canada and Mexico last year 177 won, 148 others were placed and the remaining 272 were unplaced.

## JUAREZ FIELDS BIG AND UNWIELDY.

King Worth Is the Only Favorite to Escape Defeat—Several "Good Things" Win.

El Paso, Tex., January 22.—The fields for today's racing at Juarez were the largest of the season, with less than twenty-nine horses being programmed to start in the six races. A five and a half furlong dash, with selling conditions, was the best offering of the day. It brought together some useful players and resulted in victory for Ray Egan's King Worth, with Lotus in the saddle. The Kenilworth gelding, ruled favorite for the race and led by such a wide margin throughout that his backers had no occasion for concern at any time. Osaple, which had been backed to beat him, was the southerner all the way. A betting coup was carried through to success when Chirella, a filly by Metee—Sorel Top, in the stable of E. Robb, won the two-year-old scramble after having been backed down to 5 to 1 from an opening quotation of 15 to 1. She was in front from start to finish. Marigold, a first-time starter, outlasted the favorite, Test, for second money by a head.

Ancestors was regarded as most likely to win the second race, but lost to Senator James, another of the chimes, by a narrow margin. The third race, another against which liberal odds were obtainable when Flying scored over Prince Conrad, one of the choices, and Ambri, an outsider, Cloud Chief was the favorite and ran moderately throughout.

Another "good thing" materialized when Wild Irish, a ten-year-old mare that was making her first start of the season here, won the fifth race in a drive with Doc Allen and Visible. The sixth race was also indicative of a winner at highly remunerative odds when Mercurium accounted for it. Bomber & Allen, who had a very strong showing yesterday, claimed Fitzgerald from G. V. Barnes for \$600.

Smith & Farrar and Hawk will leave tomorrow with their stables for Havana, Cuba, where they intend to finish out the winter racing. J. W. Butler made his first appearance of the season at the course today and will stay for the remainder of the meeting.

Beginning Sunday and continuing during the rest of the meeting racing will start at 2:30 p. m. instead of 2:15.

Kenneth went out down in his race Thursday and will not race again for a time.

A. L. Asse of New York, owner of Be. Goldy and Phyllis Antoinette, is expected to arrive here Sunday.

## HAVANA RACING TO BE RESUMED TODAY.

Havana, Cuba, Jan. 22.—Racing at the Habana American Jockey Club track at Marianao will be resumed tomorrow, following a lay-off of several days on account of unfavorable weather and track conditions. As the track still is in poor shape, only five races are entered, including a race for army horses to be ridden by officers of the Cuban army. The soldiers who occupy Camp Columbia have some shifty mounts, some of them being thoroughbreds brought over from the Florida tracks a couple of years ago. Many of the officers are at the course every morning getting their mounts in condition for this event. The club will hang up a purse of \$500 for the race and besides will donate a silver cup which will be presented to the successful rider by President Menocal. There are seventeen entries for this race, which will be run after the third race for thoroughbreds. Fine weather is once more prevailing.

## GENERAL NEWS NOTES OF THE DAY.

The Germans are making a new attempt to advance along the Belgian coast, violently bombarding Newport, while the allies have made some progress to the east of the Lombardlyde highway. The French have been driven back into their old positions near St. Mihiel, according to the official statement issued in Berlin, and have been repulsed north of Verdun. The German statement says the French have been driven out of the heights of Hartmannswiller-Kopf and a number of officers and men captured. The Paris communique states that the French have repulsed a trench they were forced to evacuate near Berry-au-Bac, but admits a repulse by the Germans in the forest of Apremont and a slight setback in the forest of La Prete, northwest of Pont-a-Mousson, where the Germans have recaptured a part of the trenches they lost Wednesday. The Germans have brought their heavy howitzers into play in the Vosges region and are bombarding St. Die. An Amsterdam dispatch states that the Germans have been heavily reinforced in France and are preparing for another try at cutting the French line at Arras in the near future. The lines of communication feeding the allied forces in West Flanders.

Public and formal notice was given by the British embassy of the intention of the British government to seize the former German steamship Dacia should it undertake its contemplated voyage to European waters. The statement declared and commended this information to the owners of the Dacia as a result of a message from Ambassador Page, and was notified in reply that the vessel was loading at Galveston and would put to sea notwithstanding the British government's position. It was believed the owners have resolved to test the issue in a prize court. The announcement by Sir Cecil Spring Rice is most emphatic in declaring that the British government does not regard the transfer of the Dacia as valid under accepted principles of international law. The declaration regarding the seizure of the Dacia is regarded as significant in the intention of the British government not to yield one iota of its positions in principle with regard to the transfer of ships only the Dacia but possibly many other German ships now tied up in docks in this and other neutral countries. Notice is given that the Dacia will be promptly prosecuted in the British prize courts should it fall into British hands.

The Germans have been driven back at three points along the Franco-Belgian front, but have renewed the offensive along the Belgian coast and again are bombarding Suissens. At Notre Dame de Lorette, to the north of Beaumont and in the region of St. Mihiel, the French report victories. The allies' claim at St. Mihiel, however, is denied in Berlin. In Poland, while the official statement in Petrograd claims a number of minor advances, it is virtually admitted that the Germans have succeeded in crossing the Vistula river and cutting off the Russian army of a million men which is advancing on west Prussia.

The Russians have renewed their offensive operations against Mawa, which has changed hands often since the commencement of the war, and it appears they again will attempt to envelop the German forces which are holding the line of the Marston lakes and average themselves for the defeat at Tannenberg. On the rest of the Polish front and in Galicia the Austro-German attacks are becoming more intermittent, according to the Russian report. Russians continue to make progress against the Austrian outposts in the mountains between Bukovina and Transylvania.

Prince Vangulicheff, the new governor-general of Russian Poland, announced upon assuming office that the government had appropriated \$50,000,000 for the relief of the population. He appealed to men of all nationalities and all religions to co-operate with the authorities in the prosecution of the war and in stamping out of the "spirit of Germanism which has taken a firm footing in certain frontier districts."

In the diplomatic appropriation bill, carrying approximately \$4,000,000 as performed by the house foreign affairs committee, is contained a provision requesting the president "to take such steps as may be necessary to have the people of Cuba and Puerto Rico informed of the extent of the \$5,000,000 for the expense of pacification from 1907 to 1909."

Turkish troops concentrating on the border of the Sinai peninsula are beginning their advance on the Suez canal. Ottoman forces with a contingent of Bedouin tribesmen have reached the El Katif district, twenty-eight miles east of the canal and large bodies of Turkish troops are reported at El Arish and El Andje farther east.

The British steamer Durward was torpedoed and sunk by a German submarine in the North sea Thursday afternoon. The crew of the Durward were rescued by a Dutch pilot boat and taken to the Hook of Holland. The Durward was a 1,200-ton vessel and was bound from Leth, Scotland, to Rotterdam.

Carrying a cargo of food supplies shipped by an American firm and consigned to an American citizen in Germany, the American-owned steamer Wilhelmina received clearance yesterday from New York for Hamburg. The shippers assert that the food is meant only for consumption by civilians.

A conference was held in Paris by the British chancery of the exchequer, David Lloyd George, and Alexander Ribot and P. Bock, the French and Russian ministers of finance. It is said that the meeting was arranged to consider a joint loan of \$3,000,000,000, to bear interest of 3 1/2 per cent.

Spain will not send a warship to take part in the opening of the Panama canal because the government is apprehensive that the presence of Admiral Dreyer might occasion some manifestation which would be unpleasant for the Spanish sailors.

At 4 p. m., April 2, the population of the United States will have reached and passed the 100,000,000 mark, according to C. O. Stange, geographer of the census bureau, who estimates the population at that hour will be 100,000,000.

A Turkish official report declares that the Russian attack on the whole Caucasian front has been "brought to a standstill." Reports that the Turks are making a disorganized retreat on Erzerum are officially denied.

The Swedish steamer Vron, according to a Copenhagen dispatch, struck a mine off Banno, Finland, and sank. The captain and five of the crew were drowned. The others were saved.

Clearance papers were issued for the steamship Dacia by the United States custom house at Galveston yesterday and is expected to sail at once for Rotterdam.

Authentic information has been received at Geneva that all Germans in Italy have received positive orders to leave at once. There are 7,200 Germans in Italy.

The lower house of the Alabama legislature passed the state-wide prohibition bill over the

governor's veto by a vote of 73 to 29. It now goes to the senate.

Mexico City is facing a famine. Food supplies are nearly exhausted and the value of the Mexican dollar has fallen to 12 1/2 cents.

The Italian government has appropriated \$6,000,000 for the relief of the earthquake victims.

Exceptionally heavy artillery firing is going on in the region of Cerny and Thiam, in Alsace.

## SCANTY CHANCE FOR FRENCH RACING.

A short time back English turf newspapers published a statement that measures were on foot looking to an early resumption of racing near Paris. But immediately after the Paris correspondent of London Sportsman effectively disposes of any hope for racing in France for a long time in the following portrayal of the turf situation there:

"Another 'duck' has escaped from its shelter among the reeds and announced that preparations are being made to resume racing in France, by paying homage to the inventive genius of the originator of such a previous report one might ask now, when and where? The rules of racing in France disqualify all horses participating in meetings which have not been held in the 'bulletin' left courses, the official calendar of the societies which govern flat and cross-country racing. Neither of these calendars has been published since the end of July, and the last results of racing were recorded in the 'Chronique du Turf' of August 1, when the signal to sell and spander was given to owners, horses, trainers and all connected with what was one of the most profitable industries of France. The law of conscription, which in France calls on every able-bodied man between the ages of 21 and 44 to join the colors, played havoc with the racing stables. Slings and married men by day down their 'bug and tricks' and shoulder rifle and knapsack for the front. Owners were called to their different posts and then safety had to be found for the horses. Fortunately many of them were already on the coast and were able to take refuge either in the forests of the Normandy or across the channel and escape the requisitions made by the Germans on their visit to Chantilly, when they paid special attention to the horses of M. Mantoucheff, as a Russian subject. They also removed more than one of the youngsters from the stable which had been left in charge of men, in the absence of the trainer himself, with horses prepared for Caen, Deauville and the minor gatherings along the Normandy coast. Many took alarm at the cavalry raid and 'French leave' of the enemy."

"The war will prejudice racing on the continent for some time to come. Englishmen who have been employed in the continental racing stables and have more than held their own against foreign competition have in Germany, Austria and Hungary been interned. Owners as in France have joined their respective horses and have been commandeered and the race tracks with their stands and buildings have been used for military purposes. Round Paris the different courses are, save Chantilly, within the zone of the entrenched camp, and perhaps the only one which still is available in a short notice of Saint-Cloud. But here again there is the difficulty of resuming training operations at Chantilly and at Maisons-Laffitte, and the total absence of any racing 'calendar' in which the programs could be published, so that one may conclude that unless special circumstances arise to warrant the resumption of racing we shall not see a Derby, Oaks or Grand Prix de Paris in 1915, and have to rest content even under the most favorable conditions by commencing where we left off, that is to say, with the August gathering at Deauville. All those engaged in sport will be called on to make such sacrifices as few could have foreseen and may console themselves with the idea that those who commenced hostilities are quite as badly off as those who are defending their hearths and homes."

"Our last record in the 'Chronique du Turf' so far as the Paris district is concerned gives the returns of the Chantilly July gathering, the public trial of the two-year-olds leading up to the selection of those to take part in the Normandy fixtures, and the results of the racing at Vichy. Small credit is due to the inauguration of those who prospectively an early resumption of racing in France. Its essential element is wanting. The official 'Bulletin' besides the call for men is growing each day, so that not enough money could be taken in at the gates to pay the vast army of those who receive and pay out at the totalisator. Racing under the most favorable conditions cannot be reinstated at the usual period. There will be no Prix de Saint-Cloud to give as last year the key to the Epsom Derby by the victory of another Durbar."

## FORMER TURF OFFICIAL DEAD.

William J. McAllister, formerly secretary of the American Turf Association, and more recently auditor in the Cook county treasurer's office for the four years ending January 1 last, died at his home, 6600 South Winchester avenue, Chicago, yesterday of heart disease. He is survived by a widow and three children. Interment will take place Sunday at Mount Olivet cemetery.
